If protected from fire and grazing

Forest Cover

affords many benefits!

September 1939
January 1935

Woods Improvement restores young forests

Cutting overmature and "scrub"
trees gives immediate returns, puts
woods to work

September 1939
April 1935

Pines Provide Cover on steep eroded lands

Pines grow well on soils where
hardwoods usually fail. Pine lum-
ber has many farm uses

September 1939
April 1935

Black Locust Trees stop gully erosion

Healed land produces fence posts
for farmer and cover for wildlife
